**GRAVELLY POWER EQUIPMENT FOR LAWN, GARDEN, FIELD AND FARM.**

## HERE IS THE LITERATURE YOU REQUESTED

Power Vs. Drudgery tells you how the powerful Gravelly saves you hours of back-breaking drudgery--describes the Gravelly Tractor and its attachments in detail.

You will find reasonable claims for these important features:

1. Correct Design
2. Powerful, Reliable Motor
3. Quality Material, fairly priced
4. A choice of tools to fit your particular job

Remember, you buy one power unit--the GRAVELLY Tractor--purchase only the attachments you need!

Budget Plan: If you wish, our representative will give you full details of the Gravelly Budget Payment Plan.

Demonstration--FREE! Any manufacturer can write a forceful booklet, with good printing and copy, and make his proposition sound as good as the next one. But we go a step further.

Don't you agree that a demonstration, on your own ground, under your particular conditions, is worth more than a ton of descriptive literature? That is exactly our offer to you.

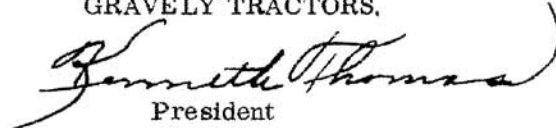

Just fill out the card with this letter. It is already addressed to your representative--drop it in the mail. He will arrange a visit or demonstration without obligation.

Request your demonstration today!

P.S. Prices on other side.

Yours sincerely,

GRAVELLY TRACTORS.

  
President
